Hold and Secure Drill

Hold and Secure happens in a situation that occurs outside of the school building, for example a coyote has been sighted or a robbery happens nearby. In this case, the exterior doors are locked until the situation outside is resolved and safe. The exterior doors are monitored to allow students and staff to enter. Once inside, no one leaves the building for the duration of the drill. Our school activities and learning inside the school building continue as usual.

**safety
first**

Kindness Umbrella

Our focus at Diefenbaker School continues to be kindness:

Kindness to self
Kindness to others
Kindness to place

Here are our students thoughts about why kindness matters:

Kindness puts you in a good mood.

If someone is kind to you, you will feel it!

Kindness happens when we care for each other.
